

You are the

Avoidant Procrastinator

You delay tasks to protect yourself from negative emotions like fear of failure, judgment, or even success. Procrastination serves as an emotional shield.

START HERE

Start with tiny, non-threatening steps

Strategies That Work For You

- Start with tiny, non-threatening steps
- Practice self-compassion and challenge negative self-talk
- Use the 'good enough' approach instead of perfection
- Create a supportive, non-judgmental work environment
- Focus on learning and growth rather than performance

Your Strengths

- High emotional awareness and sensitivity
- Careful consideration of risks and outcomes
- Deep empathy and understanding of others
- Thoughtful approach to decision-making

Often Confused With

These patterns overlap. If your result only half fits, it's worth reading about these too.

Perfectionist Procrastination

Both are fear in different clothes. One fears the verdict, the other fears the standard.

Emotion-Regulation Procrastination

Escaping a feeling is the shared engine. Here the feeling is mood rather than fear.

Decisional Procrastination

When the feared thing is choosing wrong, avoidance shows up as endless deliberation.
